FEATURES AND BENEFITS OF PAYSYSTEM FROM EUROCOIN:

Complete and send back to   Fax: +44 (0) 208 275 3030   Email: sales@eurocoin.co.uk

Select the coin and banknote devices that best suit your requirements, specify the currency to 'Accept' and 'Payout', complete this specification sheet and return to Eurocoin. Our technical sales team will then specify everything you need to get up and running.

- PaySystem provides a standard 2 metre harness that can run 1 x Coin Mech, 3 x Coin Hoppers, 1 x Bill Acceptor / BillRecycler, and adaptor cables that enable multiple device options.

- PaySystem provides all equipment power needs via dedicated 12v / 24v supply units, proven to handle the most trying environmental challenges.

- PaySystem uses the proven PayLink I/O board to monitor all the devices, looking for any coin or note inputs, and manages a structured payout process for both coins and notes, talking directly to your Kiosk PC.

- With over 40 years of experience, Eurocoin understands all the challenges that come with hardware integration. Gain access to the Eurocoin FTP site and download all the information you need; product manuals, PDFs and 3D drawings for every product.
